

## Sustainability, Innovation and Change Management Corporate Affiliates Workshops

Sustainability, innovation and change management matters for every corporation in America that looks toward the future. [The AHC Group](#) (AHC), [Climate Change, Energy and Environmental Strategies LLC](#) (C2E2), and [Adaptation Leader](#) have decades of experience advising leading companies and non-profit organizations on gaining competitive advantage through managing change amidst rapidly evolving energy and environmental developments. We are excited to be holding an annual workshop series to facilitate knowledge exchange for our Corporate Affiliate members. For more than two decades, these Corporate Affiliates Workshops have brought together leading corporations, including numerous Fortune 500 companies, for lively and engaging discussions. Corporate Affiliate membership includes the following:

- **Invitation to the January Corporate Affiliates Workshop event in Phoenix, Arizona.** This event will be at the Hilton Phoenix Resort at The Peak on January 15-16, 2025.
- **Invitation to the June Corporate Affiliates Workshop event in New York City.** This event is planned for June 9-10, 2025.
- **Member dinner at the end of the first day of the Phoenix and New York workshops** for the main corporate representative from each Corporate Affiliate.
- **Spring and fall meetings.** Several "virtual meetings"/calls with members are planned for the Spring of 2025 to develop the speakers and the agenda for the June 2025 workshop in New York City. AHC, C2E2, and/or Adaptation Leader are also available to meet with Corporate Affiliates in the fall of 2025 in New York City during Climate Week.

Membership includes the ability for a member to bring two additional corporate invitees to the workshops free of charge. Membership also includes the ability for members to be part of the planning committee for future events. The Corporate Affiliate membership rate is \$9,000 annually per company. Member discounts of 20% are available for separately arranged consulting services by AHC, C2E2 and/or Adaptation Leader. These services include additional deep-dive discussions, training on specific topics at corporate sites (including for up and coming leaders at member organizations), and additional bespoke consulting. We also can establish Sustainability Advisory Councils, working with clients to assemble rosters of experts to support change management and realignment of corporate strategies to strengthen client connections with stakeholders and investors, and enhance corporate governance.

Leading not-for-profit organizations that engage with corporations on shared missions of sustainability and innovation may become Affiliate Members for \$5,000 annually and share in the same above benefits.

To join as a Corporate Affiliate member, contact Chris Carr at [ccarr@c2-e2.com](mailto:ccarr@c2-e2.com). To join as a Non-Profit Affiliate member, contact Ira Feldman at [ira@adaptationleader.org](mailto:ira@adaptationleader.org). Write AHC Group founder Bruce Piasecki at [Bruce@ahcgroup.com](mailto:Bruce@ahcgroup.com) to request a review copy of his recent book "Wealth and Climate Competitiveness."
